February 1st, 2020

METHODOLOGY

METHODOLOGY

Web survey using computer-assisted Web interviewing (CAWI) technology.

From January 29th to January 30th, 2020

1,501 Canadians, 18 years of age or older, randomly recruited from LEO's online panel.

Using data from the 2016 Census, results were weighted according to age, gender, mother tongue and region in order to ensure a representative sample of the population.

No margin of error can be associated with a non-probability sample (Web panel in this case). However for comparative purposes, a probability sample of 1,501 respondents would have a margin of error of ±2.53%, 19 times out of 20.

The research results presented here are in full compliance with the CRIC Public Opinion Research Standards and Disclosure Requirements.

METHODOLOGY

Notes on Reading this Report

The numbers presented have been rounded up. However, the numbers before rounding were used to calculate the sums presented and might therefore not correspond to the manual addition of these numbers.

In this report, data in bold **red** characters indicate a significantly lower proportion than that of other respondents. Conversely, data in bold **green** characters indicate a significantly higher proportion that that of other respondents.

A more detailed methodology is presented in the appendix.

If you have questions about the data presented in this report, please contact Christian Bourque, Associate and Executive Vice-Present at the following e-mail address: cbourque@leger360.com
FEDERAL VOTING INTENTIONS

Q1A/Q1B. If FEDERAL elections were held today, for which political party would you be most likely to vote? Would it be for...?
In the event a respondent had no opinion, the following prompting question was asked: **Even if you have not yet made up your mind, for which of the following political parties would you be most likely to vote? Would it be for the ...**

Base: All respondents, except for the Bloc Québécois, Quebecers only (n=526)

OFFICIAL LANGUAGES IN CANADA

- ACCORDING TO VOTING INTENTIONS

Q10. Currently, Canada has two official languages, English and French. Should the status of both official languages be maintained or should Canada's only official language be English?

Base: All respondents

	TOTAL	LPC	CPC	NDP	GPC
n =	1,501	449	402	218	92
Maintain bilingual status	66%	75%	51%	67%	72%
Keep English as the only official language	29%	23%	43%	30%	23%
Don't know / Refusal	5%	3%	6%	3%	5%

APPENDIX

DETAILED METHODOLOGY

Sampling Frame

Participants were randomly selected from LEO's online panel.

Leger owns and manages an Internet panel that includes more than 400,000 Canadians coast to coast. An online panel consists of Web users profiled according to different demographic variables. The majority of Leger's panel members (60%) were randomly recruited over the phone in the past ten years, which makes this panel very similar to the current Canadian population on a number of demographic characteristics. Moreover, 35% of panellists were recruited through affiliate programs and 5% through partner campaigns and programs.

To be eligible, respondents were required to be 18 years of age or older.

DETAILED METHODOLOGY

Weighted and Unweighted Sample

The table below presents the geographic distribution of respondents before weighting.

Province	Unweighted	Weighted
British Columbia	164	204
Alberta	87	168
Saskatchewan	51	45
Manitoba	83	53
Ontario	496	576
Quebec	526	352
New Brunswick	33	33
Nova Scotia	39	41
Prince-Edward-Island	2	6
Newfoundland and Labrador	20	23

DETAILED METHODOLOGY

Weighted and Unweighted Sample

The following tables present the demographic distribution of respondents according to gender, age, language (mother tongue) and household income.

GENDER	Unweighted	Weighted
Male	761	721
Female	740	780

AGE	Unweighted	Weighted
Between 18 and 34	431	409
Between 35 and 55	533	512
55 or over	537	580

LANGUAGE (MOTHER TONGUE)	Unweighted	Weighted
English	811	961
French	467	312
Other	222	227

The sample thus collected has a minimum weighting factor of 0.090 and a maximum weighting factor of 3.909. The weighted variance is 0.544.

SURVEY

[SINGLE MENTION]

Q0QC. In which province or territory do you live?

Label	Value	Attribute	Termination
British Columbia	1		
Alberta	2		
Saskatchewan	3		
Manitoba	4		
Ontario	5		
Quebec	6		
New Brunswick	7		
Nova Scotia	8		
Prince-Edward-Island	9		
Newfoundland and Labrador	10		
Northwest Territories	11		
Yukon	12		
Nunavut	13		

AT Q0QCG

A series of questions were then inserted here in order to identify where respondents were from more specifically.

[SINGLE MENTION]

SEXE. Please indicate your sex:

Note: As indicated by Statistics Canada, transgender, transsexual, and intersex Canadians should indicate the sex (male or female) with which they most associate themselves.

Label	Value	Attribute	Termination
Male	1		
Female	2
