

Report

CANADIAN POLITICS

Survey of Canadians

NATIONAL POST

March 2024

Methodology

Method

Online survey among respondents 18 years of age or older. (Canadian sample: n= 1,605). Respondents had the option of completing the survey in English or in French and were randomly recruited using LEO's online panel.

When

March 23 to
March 25, 2024

Margin of error

For comparison purposes, a probability sample of this size yields a margin of error no greater than $\pm 2.45\%$, (19 times out of 20) for the Canadian sample.

Weighting

Results were weighted according to **age, gender, mother tongue, region, education and presence of children in the household** in order to ensure a representative sample of the Canadian population.

Methodology

Significant differences

Data in bold **red** characters indicate a significantly lower proportion than that of other respondents. Conversely, data in bold **green** characters indicate a significantly higher proportion that that of other respondents.

Rounded data

The numbers presented have been rounded up. However, the numbers before rounding were used to calculate the sums presented and might therefore not correspond to the manual addition of these numbers.

Questions

Have questions about the data presented in this report? Please contact Christian Bourque, Executive Vice-President, Eastern Canada at the following e-mail addresses: cbourque@leger360.com

A more detailed methodology is presented in the Appendix.

Methodology

Leger is the polling firm that has presented the most accurate election survey data, on average, over the last ten years in Canada. During the last federal election in 2021, Leger was once again **the most accurate firm in the country**. This accuracy is attributed to the quality of the LEO panel and rigorous application of methodological rules by Leger's 600 employees, including 200 professionals in Leger's eight offices across Canada (Montreal, Toronto, Quebec City, Winnipeg, Calgary, Edmonton and Vancouver) and in the United States (New York).

Poll aggregator 338Canada.com gave Leger the highest rating among all polling firms in Canada for the accuracy of its studies. See <https://338canada.com/pollster-ratings.htm>

OFFICIAL RESULTS 2021 Canadian Federal Election*	33.7%	32.6%	17.8%	7.7%	5.0%	2.3%

Key Highlights

Every month, we conduct a survey of Canadians to explore their views on the current government. This month, our survey was conducted between March 23 and 25, 2024.

Some of the key highlights of our survey about Canadian federal politics and the economy include...

- Pierre Poilievre's Conservative Party remains in the lead, 16 points ahead of Justin Trudeau's Liberal Party. If a federal election were to be held today, 42% of Canadians would vote for the Conservative Party of Canada, while 26% would vote for Justin Trudeau's Liberal Party.
- Similarly, 44% of Canadians believe that the Conservative Party, led by Pierre Poilievre, will win the upcoming elections, compared to 18% who think that Justin Trudeau's Liberal Party will prevail.
- Canadians also think Pierre Poilievre is the leader who would make the best Prime Minister among the federal party leaders (29%), ahead of Justin Trudeau (17%) and Jagmeet Singh (17%).
- Two-thirds of Canadians (66%) are dissatisfied with Trudeau's government.
- Three-quarters of Canadians (77%) believe it's important that the leader of the party they vote for is someone they can relate to in some way. This sentiment is stronger among Conservative voters (86%) and Canadians aged 55 and older (84%).
- In terms of party leader perceptions, 22% of Canadians feel that Pierre Poilievre is the leader who is most like them, compared to 14% who feel closer to Justin Trudeau and 13% who relate more to Jagmeet Singh. When it comes to the leader they feel least similar to, Pierre Poilievre (25%) and Justin Trudeau (24%) are virtually tied at the top, followed by Maxime Bernier (12%).
- On a long flight, 21% of Canadians would prefer not to sit beside either Justin Trudeau or Pierre Poilievre.

REPORT

Federal Voting Intentions and Satisfaction With The Government in Place

Survey of Canadians

Voting Intentions - Federal Elections (1/2)

Q1. If federal elections were held today, for which political party would you be most likely to vote? Would it be for...? *In the event a respondent had no opinion, the following prompting question was asked: Even if you have not yet made up your mind, for which of the following political parties would you be most likely to vote? Would it be for the ...*

Base: Decided voters (n=1,305), except for the Bloc Québécois, Quebecers only

Evolution of Voting Intentions in Canada

*Official results from Elections Canada

Satisfaction With Trudeau's Government (1/2)

Q2. Are you very satisfied, somewhat satisfied, somewhat dissatisfied, or very dissatisfied with the Canadian government led by Justin Trudeau?

Base: All respondents (n=1,605)

Satisfaction With Trudeau's Government (2/2)

Q2. Are you very satisfied, somewhat satisfied, somewhat dissatisfied, or very dissatisfied with the Canadian government led by Justin Trudeau?

Base: All respondents
