Survey of Canadians

NATIONAL POST

le journal de montréal

Date: 25 / 04 / 2025
Project: 16811-160

Methodology

During the election campaign, we conduct a weekly survey of Canadians to track their voting intentions and gather their views on key federal political issues

Method

Online survey among respondents 18 years of age or older. (Canadian sample: **n= 1,502**).

Respondents had the option of completing the survey in French and English and were randomly recruited using LEO's online panel.

Weighting

Results were weighted according to **age, gender, mother tongue, region, education and presence of children in the household** in order to ensure a representative sample of the Canadian population.

When

Data collection from **April 21 to April 25, 2025**.

Margin of error

For comparison purposes, a probability sample of this size yields a margin of error no greater than **±2.53%.**

Significant differences

Data in bold **red** characters indicate a significantly lower proportion than that of other respondents. Conversely, data in bold **green** characters indicate a significantly higher proportion than that of other respondents.

Rounded data

The numbers presented have been rounded up. However, the numbers before rounding were used to calculate the sums presented and might therefore not correspond to the manual addition of these numbers.

Questions

Have questions about the data presented in this report? Please contact Andrew Enns, Executive Vice-President, Central Canada at the following e-mail address: aenns@leger360.com or Sébastien Dallaire, Executive Vice-President, Eastern Canada, at sdallaire@leger360.com.

➲ **Notes**
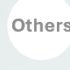

A more detailed methodology is presented in the Appendix.
